## Superintendent's Report

---

It is a pleasure to report at this time, the middle of January, that Groton may have a balance of about \$1500 due to decreased tuition and transportation to the Canaan School, and a smaller decrease in high school tuitions. Of course between now and the end of June changes in these items are still possible. Such things are unpredictable at the best.

In the past year there has been evidenced throughout the state increased interest and activity in the study of co-operatives. It is safe to predict that this indicates a trend and that eventually there will be several new cooperatives formed. It might well be that some of these could include Groton. In any event Groton should keep an "ear to the ground." Participation in a study of a cooperative does not signify approval. Many studies have been made and few cooperatives formed. We'll have more of each in the years ahead!

Respectfully submitted,

C. MAURICE GRAY
